

## Bonjour!

I am native of Montreal, Canada, and moved to Atlanta in 1997.

I am currently consultant in the field of Web Design & Interactive Media, Graphic Design & Illustration, and Game Design & Animation.

## Qualification

- Expert in web design layouts, XHTML & CSS coding and interactive banners using JavaScript. Use of latest web design technologies including fluid layouts (liquid responsive) and mobile devices.
- Senior-level experience in layout/composition, illustration, graphic design, print process, color theory and typography.
- Senior casino game creator / designer including creative process lead (brainstorming, story-boarding, 2D sketching, 2D/3D modeling, animation, sound effects and deployment).
- Advanced experience in 2D animation using a variety of software tools for both standalone / web applications.
- I have a high degree of expertise in creative thinking and technical abilities. May assist Staff Artists and Management to lead and execute design assignments to include content delivery, milestones, resource allocation, quality review/testing, research and output.
- Organized, goal and detailed oriented. Strong communication and problem solving skills.
